# Architectural & Engineering Request for Qualifications

# **Orting Senior Center Organization – Orting Senior Center Addition Project**

The Orting Senior Center Organization is accepting Requests for Qualifications (RFQ) from interested architectural & engineering (A & E) firms for complete design services for the expansion of the Orting Senior Center located at 112 Varner Ave SE in Orting Washington.

## **Company Background:**

The Orting Senior Center's mission is to enhance the quality of life for seniors of the community by providing social, recreational, and educational services. The Senior Center also provides an opportunity for seniors to maintain an independent lifestyle, reduce food insecurity, increase nutrition, decrease isolation, and help seniors feel more connected to others and the community. The facility hosts daytime activities that enhances the quality of life for Seniors by providing exercise, meals, food bank assistance, social, recreational & educational services.

## **Project Overview**

The Orting Senior Center has seen a dramatic increase in the needs for meals and services for seniors over the past few years. This project will expand the building square footage and improve the facility in order to increase service delivery to area seniors. The facility is owned by Orting Senior Center Organization and located at 112 Varner Ave SE in Orting, Washington.

The overall building square footage will be increased approximately fifteen hundred (1500) ft<sup>2</sup>. The work will remodel the current kitchen by adding appliances for food preparation and a walk- in refrigerator/ freezer. The countertops will be expanded by adding a sinks for cooking and cleaning. Cabinetry will be incorporated to increase storage space. The added space will also accommodate a walk-in pantry for the kitchen and a separate food pantry for the seniors. The current restrooms will have a stall added to each and will be updated to ADA compliance. In additional, the electrical wiring, plumbing, dryer ducts and gas lines will be upgraded accordingly. Finally, a generator pad and hard wiring will be added to support a generator for backup power.

This project is partially funded by Community Development Block Grants through The Pierce County's CDBG Entitlement Program and must adhere to federal, state, and local requirements throughout the life of the project.

# Project goal

Design and construct a facility that has sufficient space to serve the areas senior population and has improved space designed in a way that also improves service delivery on the part of Orting Senior Center staff.

## **Brief Scope of Services:**

This abbreviated scope of services should not be construed as being final and comprehensive.

The selected individual or firm shall perform and provide the following services:

- 1. Conceptual design
  - a. Compile and evaluate existing information include but not limited current building design and preliminary rough draft design.
  - b. Review the design concept alternatives and provide recommendations as to which concept will provide the basis for design development.
- 2. Design Development and Construction Documents
  - a. Prepare all architectural plans and specifications for the construction of the Orting Senior Center Addition project and prepare cost estimate.
  - b. Coordinate the review and approval of the plans and specifications with the City of Orting or and/or other entities as required.
  - c. Prepare construction bid documents and assist in the bidding for the project, including responding to bidders' questions and requests for information.

# Submittal Requirements:

The individual or firm will be selected through a qualifications-based process. Individuals or firms interested in providing architectural services must submit the following information:
